Press Release - New Patent Issued:

The United States Patent and Trademark Office recently issued a new patent to Radiological Imaging Technology, Inc. (RIT). RIT is a world leader in radiation therapy dosimetry software and the owner of substantial patent rights, which it enforces vigorously. This new patent is U.S. Patent No. 7,024,026, entitled "Relative Calibration for Dosimetric Devices" describes an important new calibration technique.

This patent issued on April 4, 2006.

US continuation patents and International patents have been filed for these inventions.
