

Press Release**Colorado Springs, Colorado****June 19, 2007****Press Release - New Patent Issued:**

The United States Patent and Trademark Office recently issued a new patent to Radiological Imaging Technology, Inc. (RIT). RIT is a world leader in radiation therapy dosimetry software and the owner of substantial patent rights, which it enforces vigorously. This new patent is U.S. Patent No. 7,233,688 entitled "Relative and Absolute Calibration for Dosimetric Devices"; describes a method of performing absolute dose calibration with RIT's Plan-Based Calibration Algorithm. This provides a very fast method of getting a calibration for large number of dose values (typically 1000) in a very short time.

This patent issued on June 19, 2007.
